Edited by Cecilia Manguerra Brainard, the book, Fiction by Filipinos in America, is a collection of short stories that includes writings by Philippine and Philippine American writers Cecilia Manguerra Brainard, Carlos Bulosan, Luis Cabalquinto, Virginia R. Cerenio, Juan C. Dionisio, Alberto S. Florentino, Ligaya Victorio Fruto, Jean Venga Gier, N.V.M. Gonzalez, Erlinda Villamor Kravetz, Paulino Lim, Jr., Manuel R. Olimpo, Julia L. Palarca, Oscar Peñaranda, Bienvenido N. Santos, Nadine Sarreal, Michelle Cruz Skinner, Samuel Tagatac, Linda Ty-Casper, Nenutzka Villamar, Marianne Villanueva, and Manuel A. Viray. First published in the Philippines in 1993, this 2020 US edition hopes to accommodate librarians, professors, teachers, and students interested in Philippine American literature, books which are still scarce in the US. This collection, which has been by educators and cited as a valuable resource includes classic stories such as “A Scent of Apples” by Bienvenido N. Santos and “The Romance of Magno Rubio” by Carlos Bulosan. Writing for World Literature Today, Professor Al Camus Palomar, praises the book saying: “(Editor) Manguerra Brainard’s selection is a delight. Some of the stories are masterly, especially those written by such reliables as Carlos Bulosan, Linda Ty-Casper, N.V.M. Gonzalez, and Alberto S. Florentino. None is less than highly competent, and all are worth reading. Manguerra Brainard has done an excellent job of mixing critical judgement and personal taste." Isagani R. Cruz wrote in Philippines Star: “Definitely one of the most outstanding anthologies published [in 1993], this collection of stories by 23 Filipino writers who work or used to work in the United States is a must-read for all students of Philippine Literature." The stories convey the history of Filipinos in America via fiction and the book is acknowledged an important addition to Philippine, Philippine-American, as well as Asian-American literature. “This collective and collaborative novel proves that writers share much more than just an interest in, as one of the authors puts it, ‘the idea of creating something of rare beauty out of nothing at all.’ They share a Creative Unconscious that, when working on a common text, comes up with startling and unpredictable imaginative delights and insights.” — Isagani R. Cruz, Philippine Star. An overview and analysis of the role of English in the Philippines, the factors that led to its spread and retention, and the characteristics of Philippine English today. Selected Short Stories by Cecilia Manguerra Brainard collects 39 of the Filipina American author's short fiction. The collection includes some of her best short fiction, including stories that deal with fictional Manila and Mexico, Intramuros and Acapulco, Ubac and Cebu. The book has been praised by Brian Ascalon Roley (Author and Professor of English, Miami University) as follows: "Powerful, poignant and engrossing, the Selected Short Stories by Cecilia Manguerra Brainard is an important work by a major writer. Written in a poetic style rich in imagery, her observant eye's subject is both transnational and local, societal and relational in the more personal scale of family, friendship, love. These stories have an oral quality in the best sense of the word, by a master of the form." Selected Short Stories by Cecilia Manguerra Brainard is simultaneously published by PALH (Philippine American Literary House) and the University of Santo Tomas Publishing House. This report presents transcripts from a pre-conference panel session at the 1996 AAPIP Annual Conference in Atlanta. The goal of this session was to begin a conversation among grantmakers about how coming to Hawai'i can inform and guide their philanthropic activities. The panel presentations present personal accounts of the History of Hawai'i and current struggles of Native Hawaiians. Set against the turbulent history of East Asia in the 20th century and by turns erotic and tragic, "Magdalena" vividly depicts three generations of strong Filipino women. "Papa explains the war like this: 'When the elephants dance, the chickens must be careful.' The great beasts, as they circle one another, shaking the trees and trumpeting loudly, are the Amerikanos and the Japanese as they fight. And our Philippine Islands? We are the small chickens." Once in a great while comes a storyteller who can illuminate worlds large and small, in ways both magical and true to life. When the Elephants Dance is set in the waning days of World War II, as the Japanese and the Americans engage in a fierce battle for possession of the Philippine Islands. Through the eyes of three narrators, thirteen-year-old Alejandro Karangalan, his spirited older sister Isabelle, and Domingo, a passionate guerilla commander, we see how ordinary people find hope for survival where none seems to exist. While the Karangalan family and their neighbors huddle together for survival in the cellar of a house, they tell magical stories to one another based on Filipino myth that transport the listeners from the chaos of the war around them and give them new resolve to continue fighting. Outside the safety of their refuge the war rages on—fiery bombs torch the countryside, Japanese soldiers round up and interrogate innocent people, and from the hills guerilla fighters wage a desperate campaign against the enemy. Inside the cellar, these men, women, and children put their hopes and dreams on hold as they wait out the war. This stunning debut novel celebrates with richness and depth the spirit of the Filipino people and their fascinating story and marks the introduction of an author who will join the ranks of writers such as Arundhati Roy, Manil Suri, and Amy Tan. Includes many papers that have become classics in Philippine sociology and anthropology. Antologi. Based on a true story, this World War II novel by Scott O’Dell Award winner Graham Salisbury tells how Zenji, 17, is sent from Hawaii to the Philippines to spy on the Japanese. Zenji Watanabe was born in Hawaii. He’s an American, but the Japanese wouldn’t know it by the look of him. And that’s exactly what the US government is counting on. Because he speaks both English and Japanese perfectly, the army recruits Zenji for a top-secret mission to spy on the Japanese. If they discover his true identity, he’ll be treated as a traitor and executed on the spot. As World War II boils over in the Pacific, Zenji is caught behind enemy lines. But even though his Japanese heritage is his death warrant, it’s also his key to outwitting the enemy and finding the strength to face the terrors of battle, the savagery of the jungle, and the unspeakable cruelty of war. The riveting Hunt for the Bamboo Rat is based on a true story and follows in the path of author Graham Salisbury’s other highly acclaimed Prisoners of the Empire titles, which began with the award-winning Under the Blood-Red Sun. Finalist for: Nebraska Golden Sower Award South Carolina Book Awards “Salisbury has once again crafted a fine novel, based on an actual person, about first-generation Americans of Japanese descent and the clash of culture and national identity that World War II accentuated. . . . The story will leave readers spellbound.” —Kirkus Reviews, Starred “Fast-paced and compelling, this title will be enjoyed by voracious and reluctant readers.” —SLJ “The history is fascinating, and Zenji is a fictional hero readers will long remember.” —The Horn Book First published in 2002 and currently published in the Philippines (UST Publishing House), this 2021 US Edition of the novel MAGDALENA includes illustrations by the author, Cecilia Manguerra Brainard. Written in the fragmented style, Philippine American author Cecilia Manguerra Brainard’s lyrical novel, MAGDALENA, tells the story of three generations of Filipino women whose lives have been affected by the Philippine American War, World War Two, and the Vietnam War. A favorite among poets, academics, and feminists, the book has been the subject of academic papers. World Literature Today says, “Cecilia Manguerra Brainard's novel MAGDALENA takes its title from a protagonist descended from several generations of equally compelling female characters ... Brainard uses a nonlinear narrative and multiple points of view to describe the history of the Philippines that roughly corresponds to its contact with the United States from the Spanish-American War to the war in Vietnam. MAGDALENA begins and ends with the perspective of Juana, daughter of the title character and her American lover (a POW in Vietnam), who is herself pregnant and curious about her family history. Letters, diaries, and narratives from numerous characters help Juana reconstruct her maternal and, to a lesser extent, paternal lineage." Midwest Book Review says: "Expertly written by Cecilia Manguerra Brainard? Magdalena is set in the chaotic backdrop of twentieth century East Asia. A romantic, powerful tale of three generations of Filipino women, written with a close eye on the terrors of war and the Japanese invasion of the Philippines during World War II, Magdalena is an intense, involving, highly recommended saga that documents author Cecilia Manguerra Brainard as a gifted author with a mastery of storytelling that will keep the reader's total attention and engagement from first page to last!" ***Alma Anonas-Carpio reviewed the book for The Philippines Graphic as follows: "The story of Magdalena's life is a rich one, full of emotional intensity told with the brilliant clarity of Manguerra Brainard's pen.
