Pop star Elia Pearl is a respected singer and songwriter with four songs on the Billboard Top Ten. With sold-out concerts everywhere and millions in the bank, Elia should be on top of the world. Unfortunately, all she can think about is her loneliness. But all of that is about to change when Elia is invited to return to a house she has spent the last twenty years of her life running away from. Elia arrives at the House of Pearl, a Victorian home built on the Sausalito, California, waterfront. She hopes to write some new music or at least take a break from her busy career—and soon encounters a dashing yacht captain named Paul Hamilton. As she comes to terms with a family history haunted by ghosts and betrayals, she and Paul begin a passionate affair, fueled by both the devilish spirits that roam the house and Elia’s desperate need for love. The tragic tale of the house slowly unfolds, and Elia recounts a story of love and unfaithfulness to Paul that only fuels the spirits’ plans to threaten her newfound
happiness. In this romantic paranormal thriller, two lovers must survive a ghostly onslaught or else find themselves doomed to become part of the tragic history that lurks in the shadows of The House of Pearl.

Indra's Pearls Aug 22 2021 Felix Klein, one of the great
nineteenth-century geometers, rediscovered in mathematics an
idea from Eastern philosophy: the heaven of Indra contained a net
of pearls, each of which was reflected in its neighbour, so that the
whole Universe was mirrored in each pearl. Klein studied
ininitely repeated reflections and was led to forms with multiple
cO-existing symmetries. For a century these ideas barely existed
outside the imagination of mathematicians. However in the 1980s
the authors embarked on the first computer exploration of Klein's
vision, and in doing so found many further extraordinary images.
Join the authors on the path from basic mathematical ideas to the
simple algorithms that create the delicate fractal filigrees, most of
which have never appeared in print before. Beginners can follow
the step-by-step instructions for writing programs that generate the
images. Others can see how the images relate to ideas at the
forefront of research.

The Two Pearls of Wisdom Feb 08 2023 Under the harsh regime of an ambitious master, Eon is training to become a Dragoneye - a powerful Lord able to command wind and water to nurture and protect the land. But Eon also harbours a desperate secret that, if revealed, will mean certain death. Brought to the attention of the Emperor himself, Eon is thrust into the heart of a lethal struggle for the Imperial throne. In this treacherous world of hidden identities and uneasy alliances, Eon comes face-to-face with a vicious enemy who covets the young Dragoneye's astounding power, and will stop at nothing to make it his own. Inspired by ancient Chinese lore and sharing the wonders of films such as Crouching Tiger, Hidden Dragon, this thrilling, timeless novel of deadly politics, sexual intrigue and dazzling swordplay is set in a brilliantly envisioned world where both appearances and loyalties can prove so very deceptive...

Emergency Nursing Review Sep 10 2020

Basic Black with Pearls Sep 22 2021 A lost feminist classic — and winner of the Toronto Book Award — reissued to coincide with the 35th anniversary of publication. In her yearning, elusive search for a lover, Shirley Kaszenbowski sheds her drab “basic black” existence together with torturous memories of guilt and loss as a Jewish immigrant in Toronto. Shirley Kaszenbowski, née Silverberg, is a middle-aged, middle-class woman in a Holt Renfrew tweed coat, a basic black dress, and a strand of real pearls. She may seem ordinary enough, pricing silk scarves at Eaton’s or idling in hotel coffee shops, but in fact she is searching for her lover. He is an elusive figure, a man connected with “The Agency,” a powerful technocrat who may or may not have
suggested a rendezvous based on a secret code in the National Geographic. Her search takes her to the world of her past as a Jewish immigrant in the Spadina-Dundas area of Toronto. She finds the bakeries and rooming houses of her youth still haunted by survivors of postwar Europe and by her own memories of guilt and loss, while the consolations of art, opera, and pornography offer only echoes of her own illusions and desires. Her strange, wryly funny odyssey ends in a dramatic confrontation scene with her husband and “the other woman,” as she trades in her basic black for another chance. In Basic Black with Pearls, Weinzeig displays her gift for creating sympathetic characters in a slightly surreal, but always recognizable world.
