(Music) I had a severe case of Erythromelalgia for 4 years. It was caused from being in a cast for a ligament tear from a sports injury. I had it all, 24/7 burning, the need to cool my feet non-stop, ulcers, limited walking etc. It drove me crazy! If you are reading this, you know what I mean. The pain rules your life. It has the power to destroy relationships and lifetime goals. It was the single worst thing that ever happened to my life. The Erythromelalgia community online is a very loving and understanding group. I guess it has to be because everyone there truly knows your pain. I made this book to hopefully fix some of you. I know it wont work for all of you, but I am sure it will benefit some of you. It is a horrible disease and I truly understand your pain. Erythromelalgia made me homeless for years and ruined

every single life plan I had. And I am sure that it is probably the same for a lot of you. You lose hope after having it year after year. But.... I found a cure for my pain. I never thought I would find a cure. I can walk for miles now and wear socks! I really need to make this information available for the world, so I have turned my treatment into a book. I really hope it helps you! All the best of luck to you, -William Errol Prowse IV
