

CLAHRC EoE Capacity Building Workshop

Thursday 23 June 2016, 10am to 1pm
(with refreshments and networking lunch)

Centrum, Norwich Research Park, Norwich NR4 7UG

Are you interested in developing a career in health research?

This workshop will outline the opportunities available within CLAHRC EoE and the wider NIHR for becoming more involved in health and social care research. During the workshop there will be time to discuss the opportunities that are available and to find out about what is involved in making a funding application.

You will hear from a range of speakers, including:

- CLAHRC EoE Leaders of Capacity Building and the Fellowship Programme
- A CLAHRC EoE former fellow
- An NIHR doctoral student
- NIHR Research Design Service East of England Associate Director

Who should attend?

Health and social care practitioners* and researchers who are interested in how research can interested can make a difference to patients and services, and who want to develop a health research career.

**including for example: Nurses, AHPs, GPs, Psychiatrists, Psychologists, Social Workers, Commissioners, and Service managers.*
